Camille,

Please see the bio survey performed by Tay Peterson which was the subject of our earlier conversation

With your approval, we will immediately provide the screening in compliance with her report.

Subject: Highland Estates Lots 9 and 10 pre-construction survey memo

Noel, Camille and Robert,

I completed the pre-construction survey for woodrats today, and have attached the memo.

Robert, please let us know your schedule because we should have a biological monitor present when you start, and when grading is to occur near the woodrat houses.

Thanks,

Tay
