|---|---------------------------------------|---|---|
|  | Proposed "Trucks Use Right Lane" Sign |  | Proposed Wide Shoulder or Separated Bike Lane |
|  | Proposed Crossings |  | Existing Passing Lane |
|  | Proposed Left Turn Lane |  | Proposed Passing Lane |
|  | Proposed Roundabout | | |

DRIVE

Signage Improvements

- Improve the safety of intersections and roadways by adding signs for drivers, pedestrians and cyclists
- Add "Trucks Keep Right" signs on Highway 92 between the Half Moon Bay City limit and Interstate 280

Roundabout in Burlingame, Ca

Roundabouts or Traffic Signals

- Install a roundabout or traffic signal at the western Highway 92 and Highway 35 intersection to improve safety and reduce traffic impacts created by development
- Replace the eastern Highway 92 and Highway 35 intersection traffic signal with a roundabout to improve operations, safety and traffic flow
- Roundabouts improve safety at intersections for cars, pedestrians and bicycles by reducing vehicular speeds and eliminating left turns, as well as head-on and right-angle crashes

Highway 92 Proposed Projects

Left Turn Lanes

- Promote safe, efficient highway traffic flow and improve access to businesses by adding left turn lanes along Highway 92

Google Street View of Highway 92 at Lemos Farm

Google Street View of Highway 92 existing passing lane

Passing Lanes

- Allow cars to more safely pass trucks and right-turning vehicles by extending the passing lane on Highway 92

BIKE

Bike Rider Safety Improvements

- Improve safety and increase space for bike riders along Highway 92 between the Half Moon Bay City limit and Interstate 280
- Depending on location, improvements could include a widened shoulder or bike lane separated with “flex posts”

Example of bike lane with flex posts

Street crossing with striping and beacons

WALK

Pedestrian Crossing Improvements

- Install crossings across Highway 92 at points of interest, such as businesses and recreational trails
- Crossings would be enhanced with high-visibility striping and pedestrian activated beacons
