Hi Jay,

I believe there was a typo in Noels email. I am also copying Danee and John who work with Noel.

Thanks

To: Conservation Easement Land
Mr. Noel Chamberlain

This is Jay Roshan, I reside at 1683 Yorktown Road, San Mateo Highlands.

During Atmospheric Storms in our area A big tree fell over at the border of my property and the Easement Land,

falling and leaning on other trees causing instability in the land above my house, this land is the property of Conservation Easement Land. We are lucky the tree did not crash on to our house which seats below your land.

We are requesting the removal of fallen tree and smaller branches and an assessment of leaned over trees and their stability as soon as possible. Please see attached photos.

Please email or call me at 650-766-0663 to schedule a visit.

We appreciate your immediate attention to this matter,

Regards,
J.Roshan
