## Terminations, Revocations and Flashes

There were twenty-six (26) terminations during the reporting period. Sixty-nine percent (69%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
<b>PRCS – 13</b>	<b>MS – 5</b>	<b>PRCS – 6</b>	<b>MS – 2</b>
<ul style="list-style-type: none"> <li>• Early Terminations: 7</li> <li>• Normal Terminations: 6</li> </ul>			

In the reporting period, we filed a total of sixty-seven (67) revocations, with PRCS having forty-seven (47) and MS having twenty (20) revocations. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q2 Revocations
Property	4	0	6%
Drug/Alcohol	10	9	28%
Crimes Against Persons	4	1	8%
Technical	21	7	42%
Other Crimes	8	3	16%
<b>TOTAL</b>	<b>47</b>	<b>20</b>	<b>100%</b>

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Forty-two percent (42%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Fifty-eight percent (58%) of the revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes.

There were eighteen (18) **flash incarcerations** during this reporting period.

There were no supervisees whose charges were reduced because of **Prop 47** or **Prop 64**.

Two cases were **transferred** to another county for supervision.

---

### Recidivism Definition

**San Mateo County:** Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but *excludes* PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

**Attorney General:** An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction

**BSCC:** A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

# San Mateo County Quarterly Realignment Bulletin

## Quarter 4: October—December 2019

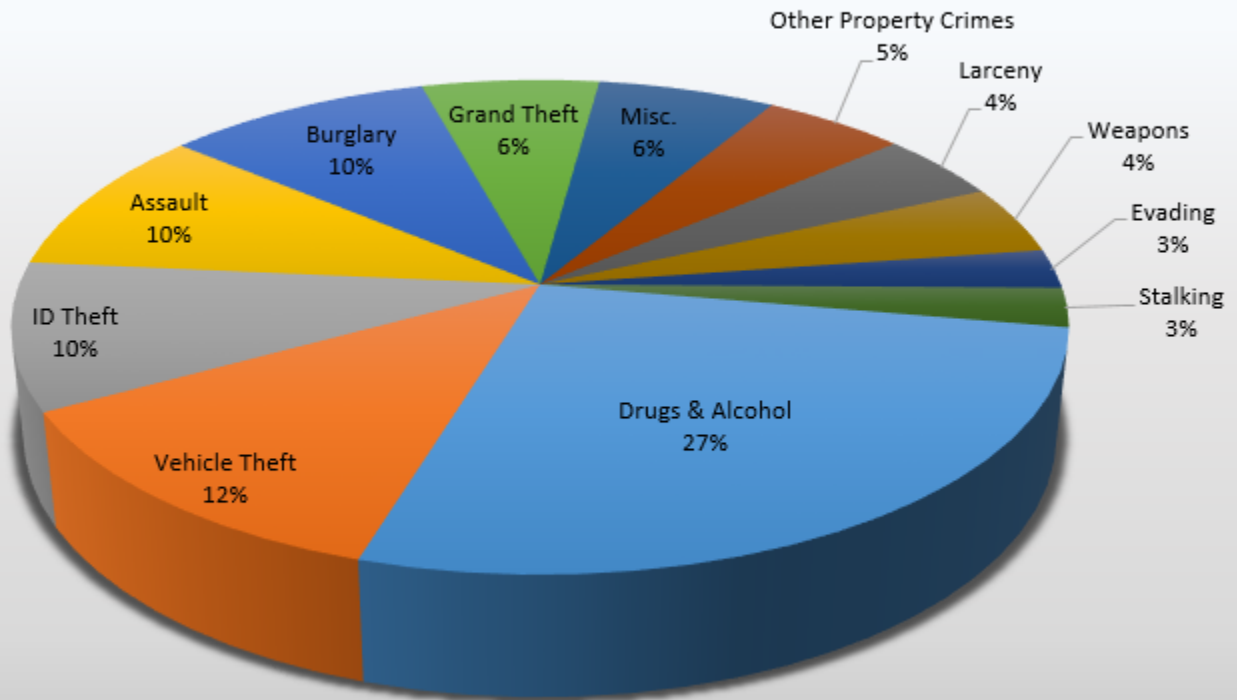

### Executive Summary:

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during October through December (Q4) continue to show that this population commits drug and property crime offenses. There is no significant involvement in serious or violent crime.

### Overview:

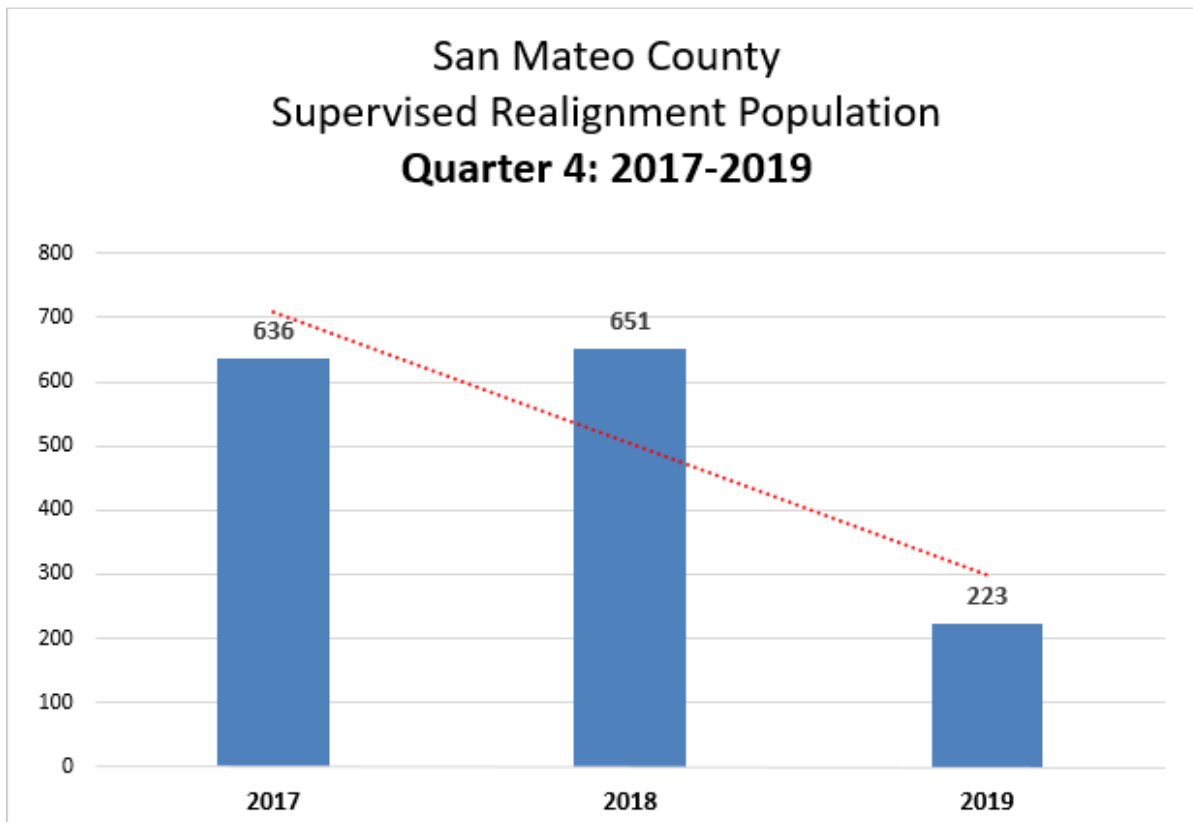

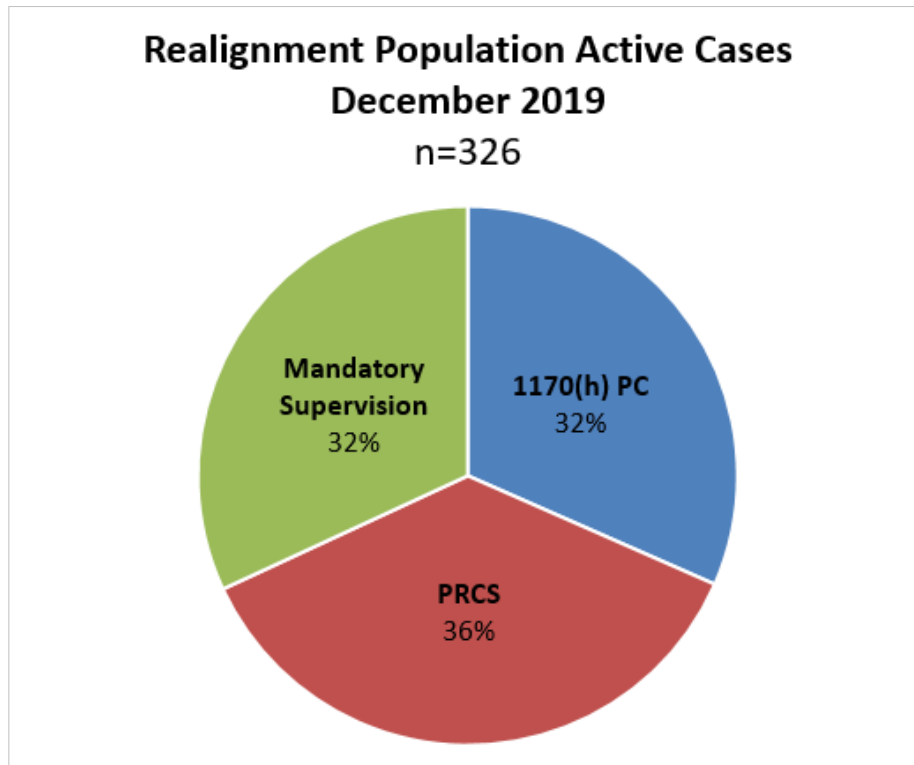

During Quarter 4, drug/alcohol offenses and vehicle theft remained the top two committing offenses for the realignment population (this includes the new supervised cases and in-custody realignment offenders). ID theft, assault, and burglary tied for the third top committing offense (10% each). Please note that “other property crime” refers to offenses such as vandalism, forgery, and insurance fraud. “Miscellaneous” refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: resisting arrest, elder abuse, and sex crimes. The data used for this analysis was derived from information provided by the San Mateo County Probation Department and data from the San Mateo County Jail.

**San Mateo County Realignment Population  
Top Committing Offenses Q4; n=156**

AB109: San Mateo County

NOTE: As of August 2019, the active PRCS and Mandatory Supervision numbers are lower than previous months. This is due to the Probation Department no longer including warrants as part of the statistics.

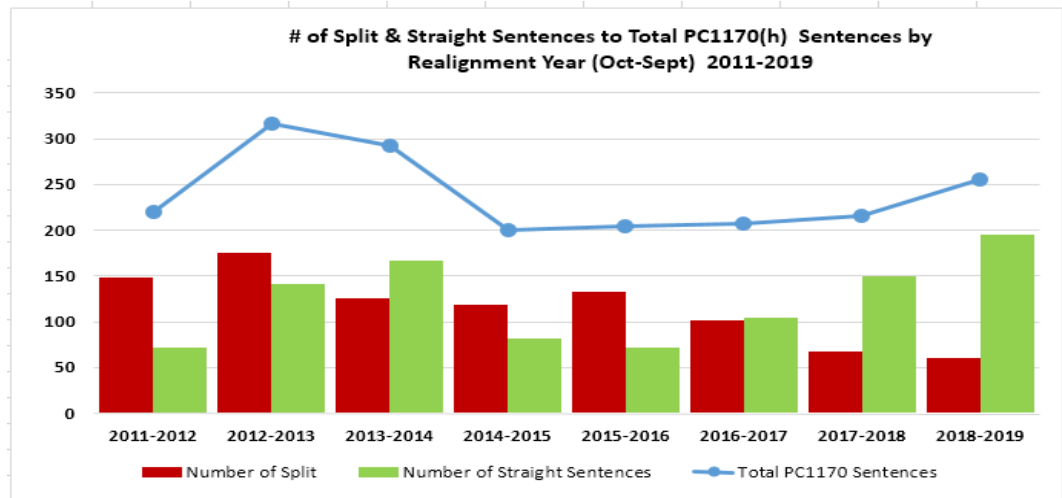

Note: This data was obtained from different sources (probation, jail) and therefore may overlap slightly. However the preceding analysis provides a general picture of the San Mateo County realignment population.

San Mateo County: In-Custody

**AB109 In-Custody Statistics for Q4 2019:**

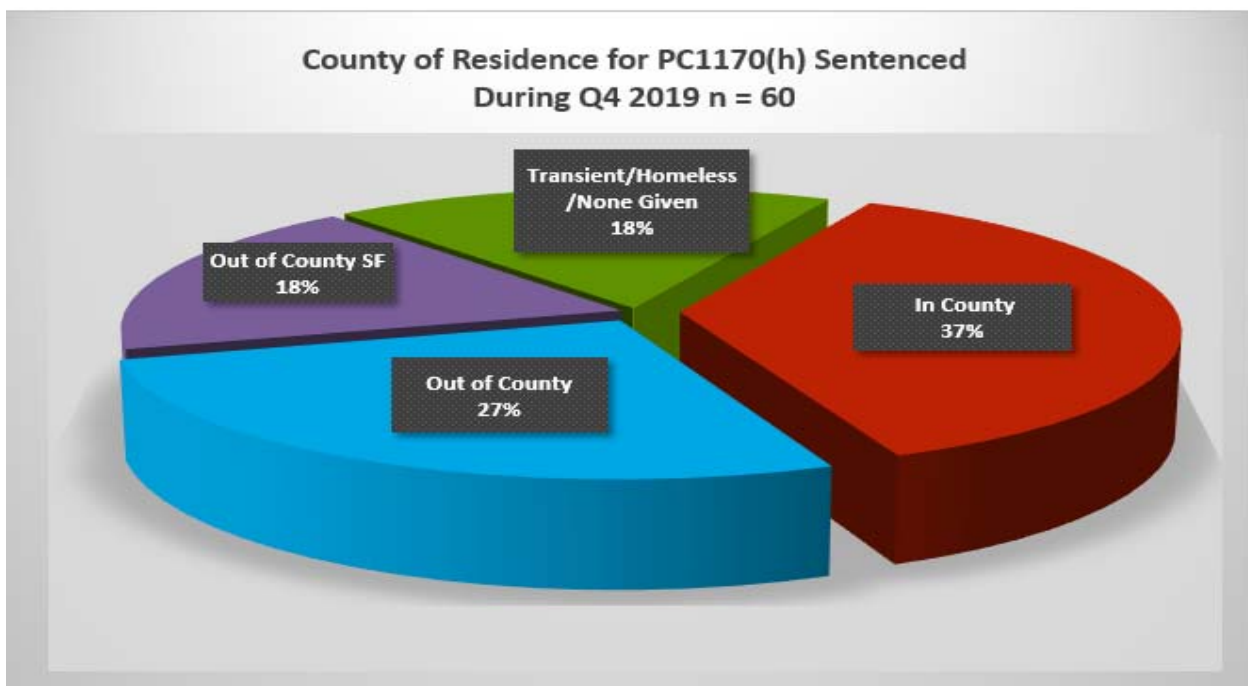

PC1170(h) New Sentenced Cases by Quarter	Q4 2019	Q3 2019	% +/-
Number of new PC1170(h) cases:	60	76	-21.0%
Total PC1170(h) Days to Serve	9,478	13,014	-27.2%
Number of Split Sentences	6	10	-40.0%
Number of Straight Sentences	54	66	-18.2%
Average Length of Stay (ALOS) all cases (after credits applied)	158	171	-7.6%
Average Length of Stay (ALOS) Straight Sentences (after credits applied)	152	177	-14.1%
Average Length of Stay (ALOS) Split Sentences (after credits applied)	209	132	58.3%

NOTE: Over the last three years split sentences have dropped by approximately 63%. The number of split and straight sentences for each realignment year is depicted in the bar chart to the right.

**Demographics of the Newly Sentenced PC1170(h) During Q4 2019:**

- 80% (48) of the newly sentenced cases were men, 20% (12) were women. Median age of those sentenced during Q4 2019 was 36, older than Q3 (34).

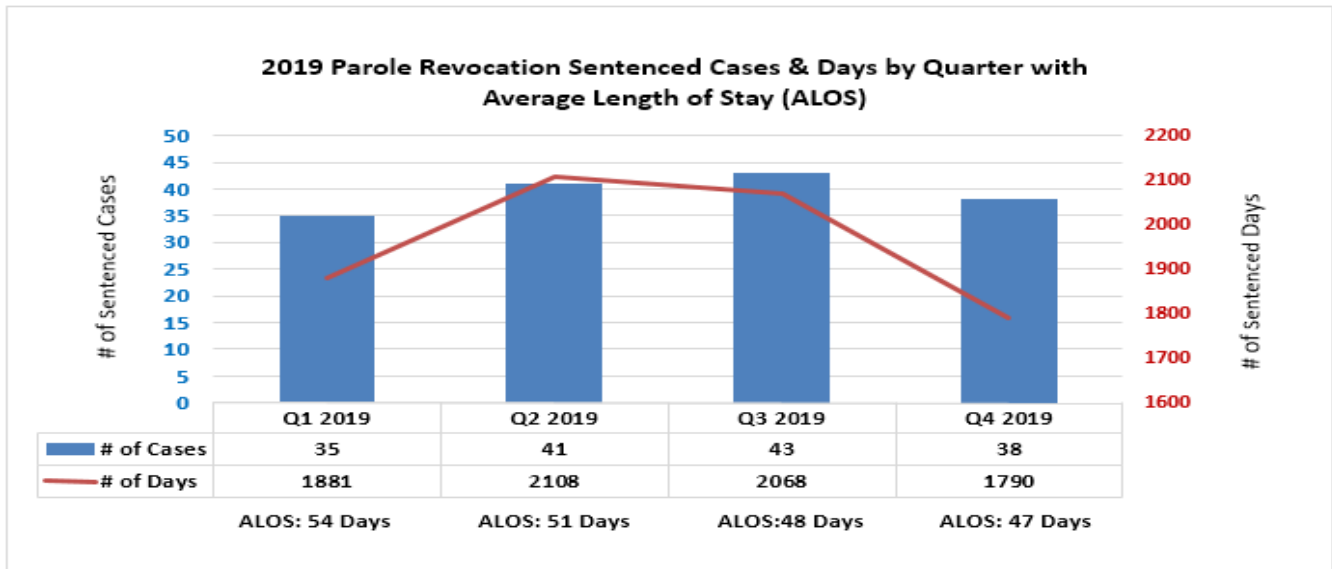

San Mateo County: *In Custody*

**Mandatory Supervision Revocation Cases (MSV)**

	Q4 2019	Q3 2019	+/-
Number of MSV Cases:	7	17	-58.8%
Total MSV Days to Serve	576	1,415	-59.3%
Average Length of Stay	82	83	-1.2%

Offenders in this population were re-arrested after being released from a PC1170(h) split sentence. Some of these offenders were ordered to serve the remainder of their original sentence and supervision was revoked; others were ordered to serve a portion of their original sentence and were reinstated on mandatory supervision. **Note:** The first MSV case appeared in December of 2012.

**Parole Revocation Sentenced Cases**

**Post Release Community Supervision (In-Custody) Statistics:**

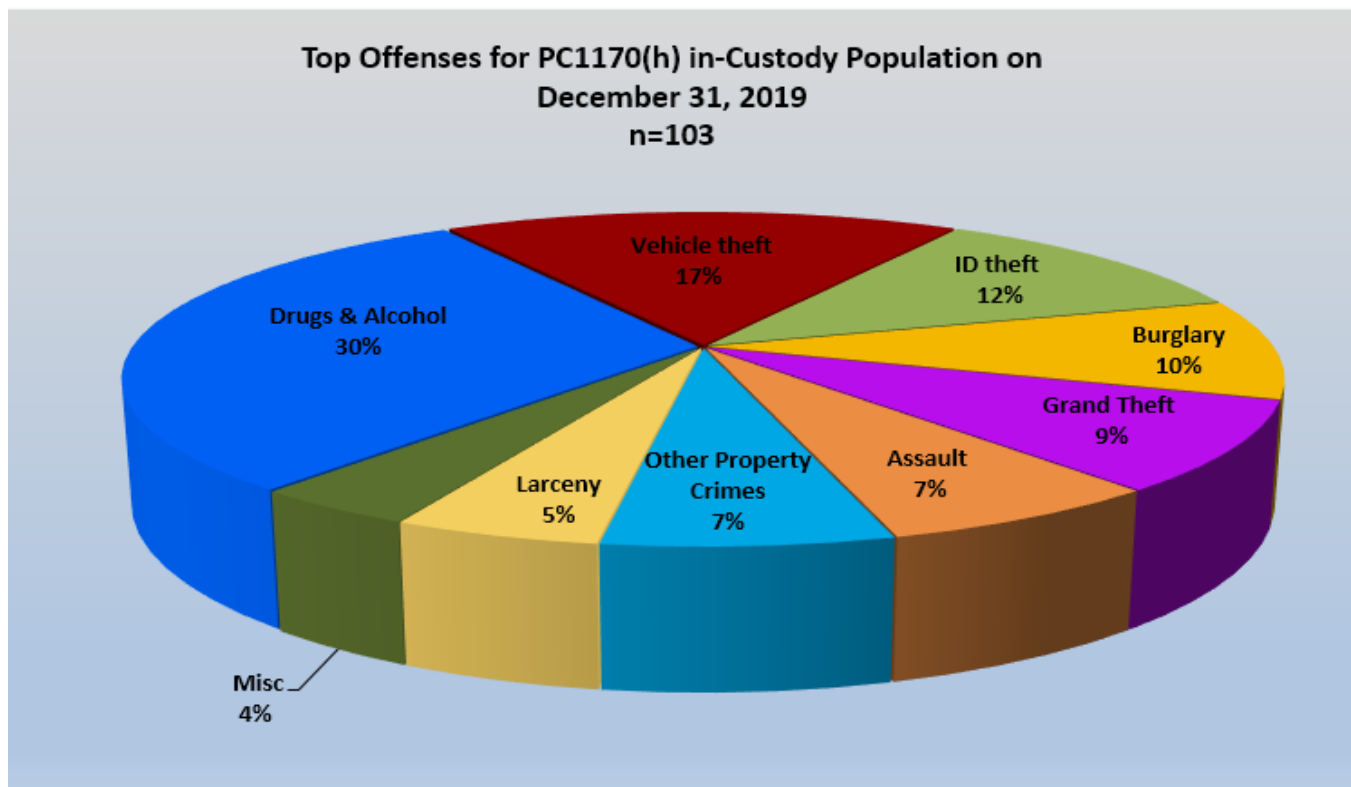

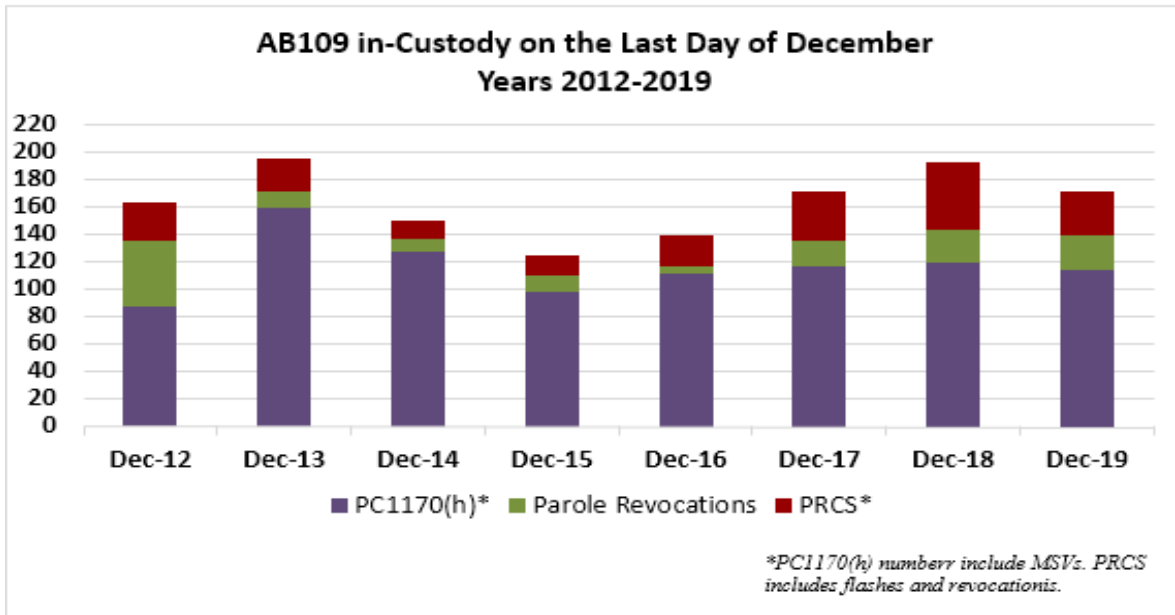

PRCS Revocations Sentenced During the Quarter	Q4 2019	Q3 2019	+/-
# of PRCS Revocations Sentenced During the Quarter	37	42	-11.9%
Total # of PRCS Revocation Days to Serve	1,561	1,914	-18.4%
Average Length of Stay for PRCS Revocation Sentences	42 days	46 days	-8.7%

San Mateo County: *In Custody*

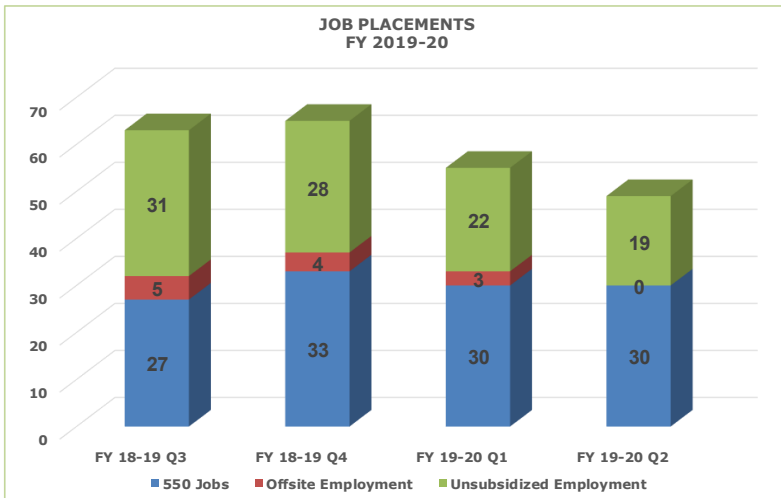

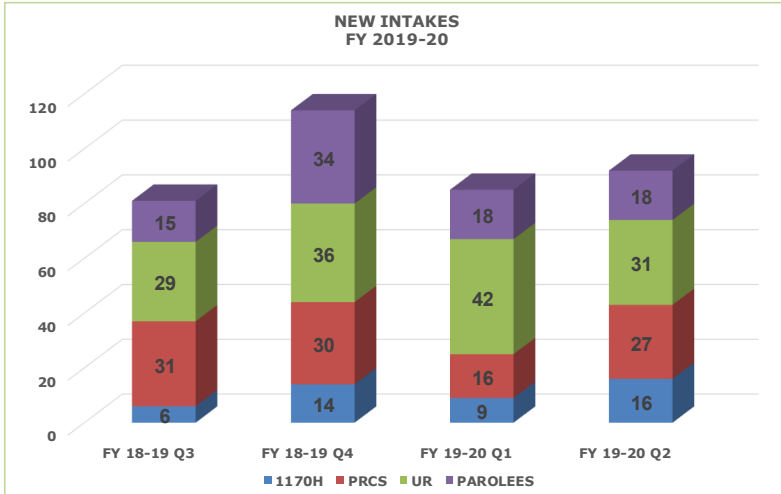

**Number of AB109 In-Custody on the Last Day of the Quarter:**

On the last day of the quarter (December 31, 2019), the total AB109 in-custody population was 18.2% of the overall average daily population (943), an increase from the prior quarter (17.5%).

During Q4, drug/alcohol offenses, vehicle theft and ID theft remained the top three offenses committed by the in-custody population. As mentioned on Page 1, please note that “other property crime” refers to offenses such as vandalism, forgery, and insurance fraud. “Miscellaneous” refers to a number of assorted offenses that do not amount to any one category.

---

*FY 19-20, Q2 (October 2019 – December 2019)*

## New Intakes

- There were 92 intakes in Q2 of FY 19-20, an increase of 8% from Q1's 85.
- Of the 92 intakes: 47% AB 109, 34% Unified Re-entry, and 19% Parole.
- There was a 72% increase in intakes for AB 109 from 25 in Q1 to 43 in Q2. Unified Re-entry declined by 26%, from 42 to 31, and Parole had 18 intakes in both quarters.

## Eligibility/Benefits

- In Q2, 94 applications were received and processed: 41 CalFresh, 30 General Assistance, and 23 Medi-Cal.
- There were 39 applications approved: 25 CalFresh, 13 Medi-Cal, and 1 General Assistance.
- In Q2, 35 applications were denied with the top three denial reasons being: no show to appointment, active/receiving benefits out of county, and not eligible/undocumented.
- There were 19 withdrawals, 89% were General Assistance. General Assistance clients withdrew their application to obtain employment.

## Employment Services

- In Q2, 49 clients obtained employment: 61% were subsidized placements and 39% were unsubsidized placements.
- The top three industries clients obtained unsubsidized employment: services, retail, and hotel & food.
- Second quarter average wage per hour was \$18.86, an increase of 6% from \$17.84 in Q1.
- There were 56 in-custody employment workshops conducted with 56 graduates completing a five-workshop cycle to earn a Certificate of Completion.

## Services Provided

- Transportation was the most requested service in Q2, on average 94 clients were provided with bus tickets or passes.
- Food assistance was provided to an average of 69 clients a month, clothing vouchers averaged 40 clients per month, and hygiene kits averaged 62 clients per month.
- On average 22 clients per month utilized the emergency motel voucher program and five clients a month utilized the allocated shelter beds (five in total) at Maple Street.

## Peer Support Services

- In Q2, 109 clients received peer support services: 36% were provided phone check-ins, 26% transportation, 16% warm hand-off, and the other 22% included face-to-face meetings, provider support, medical support, and administrative support.
- A total of 42 support group meetings were held including: art workshops, Wellness Recovery Action Program (WRAP), and Iron Sharpens Iron. In Q2, seven community events were provided to encourage positive pro-social engagement. Bi-annual graduation was held in October, where 20 clients were recognized for either successful re-entry or Probation completion.

# Service Connect BHRS Dashboard

FISCAL YEAR 2019-20 SECOND QUARTER  
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH  
**BEHAVIORAL HEALTH  
& RECOVERY SERVICES**

## AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since the inception of the Service Connect is 2,580 and of these, 1,423 entered into treatment and/or recovery plans (these participants were served by BHRS and is a lower number because not all assessments result in treatment).

Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services (both mental health and substance use treatment) provided to participants during the second quarter of the 19/20 fiscal year. Service type detail for the second quarter is presented in the pie chart at the bottom of the dashboard.

## Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. Therefore, this graph indicates the total open cases from the two previous quarters for reference and two quarters of this fiscal year.

## Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant that has received four or more services. This means that the participant has returned to BHRS for multiple appointments regarding different services, which demonstrates that the participant is engaged in treatment because they actively participate. The current report generally reflects decrease in engagement as the result of staffing issues.

## Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents what percentage of Service Connect participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan. MH was trending up last year and AOD was trending down, but it appears that the two have returned to a normal pattern. It should be noted that co-occurring participants are not represented.

## Average Days in Treatment In and Post Custody

This graph shows the average days a patient spends receiving treatment for Alcohol and Other Drugs, as well as Mental Health Services. The recent trend of MH Services exceeding AOD Services continue occur, likely the result of broader acceptance of MH issues and the less intensive time required of participants. The data reflects FY19/20 staffing issues.

## Mental Health and Alcohol & Other Drugs Services Provided by Service Connect

This pie chart reports mental health and substance abuse treatment services provided by BHRS to Service Connect participants for the FY19/20 second quarter. The top five services utilized in order are AOD Residential, MH Services, MH Case Mgmt, AOD Outpt, and Outreach & Engagement.

## Mobile Health Van Services

This graph shows data for Mobile Health for FY19/20 Q2. Total visits for Q2 are the higher than Q1. Sick visits grew substantially, with the highest count of all categories. Work Physicals are down, as are Med Refills, while Vivitrol and Invega remain stable.

## Correctional Health Services

Correctional Health data presents the total participants that flow through Correctional Health in each quarter, the number of participants screened, the number treated medically, for mental illness, and for substance abuse.

## Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect, counts do not include episodes when subject was not a participant in Service Connect. The second quarter of FY19/20 showed there were 27 visits and 1 inpatient, which is the highest amount of visits over for quarters, but the lowest amount of inpatients.
