Subject: RE: Highland Estates - Erosion Control System

Hi Neil,

Please monitor the site on a weekly basis and send us reports (photos, summary write up) until the site is stabilized (e.g., when run-on problem is fixed).

Thanks

Hi Camille,

Thank you for the update! Please let me know when you hear back from him, and we will schedule the February monthly site visit around when they have installed the new BMPs.

Have a great day,

Jessie Henderson-McBean

I spoke with Noel today. He will give me an update tomorrow. I'm hoping to get a plan by early next week.

Hello Neil and Noel,

Neil, as we discussed on the phone this afternoon, please submit a plan and drawing to Melody Eldridge (cc'd here) for the new proposed system for capturing run-on at Lots 9 and 10. Melody will need to review and approve of the plan. Please keep in touch with this email group about the status of the installation, so that we can schedule a site visit once it is complete.

Thanks so much,

Jessie Henderson-McBean
