Hello Bob,

It was nice to see you onsite today. As we discussed please address the following items onsite:

Lots 9/10

- Per the SWPPP, please make sure trash cans and enclosures are covered and excess trash and debris is removed.
- Please sweep the track out on Cobblehill Pl to reduce gravel and dirt being tracked onto the road by the delivery drivers. As a reminder track out should be swept daily per AQ-1.

Lot 11

- Please address the standing water located within the garage, as standing water may attract sensitive wildlife (such as California red-legged frog) to the site.
- Please secure the windbreak fencing as the zip ties have broken in several locations.
- Per the SWPPP, please make sure trash cans and enclosures are covered and excess trash and debris is removed.
- Please continue to sweep the track out on Cowpens Dr. As a reminder track out should be swept daily.

Please feel free to give me a call if you would like to discuss further.

Thanks so much,

Jessie Henderson-McBean
