Hi Camille,

Thank you for letting me know! Bob just called me as well and said that he would be working on Saturday this week, but work would be on insulation installation on Lot 11. He said that Ernesto may come out on Saturday as well to fix the silt fence.

He told me that he had spoken with you as well.

Thanks!

Hi Jessie,

I spoke to Bob today who will work on Silt Fence today or Monday (hopefully today)

Hi Camille,

I conducted my weekly site inspection at Highland Estates today. The site looks much better, and has started to dry out following the rain we received over the past few weeks. NextGen is no longer allowing their subs to drive onto the Lot 9/10 site unless absolutely necessary which has really cut down on the track out issues.

The silt fence requires repair on Lot 9, but Bob told me he would have a laborer onsite this week to help with that.

Thanks!

Subject: Highland Estates Site Visit 2/24/2021

Hi Bob,

Thank you for keeping up with the track out on the streets, and for addressing my action items. The only thing outstanding is the repair of the silt fence on the East side of Lot 9, where the rocks have rolled down hill and pushed the fence over. Please address this issue ASAP, and before the next rain event.

Thanks so much,

Jessie Henderson-McBean
