Hi Camille,

I have been under the weather this week, so one of our other inspectors, Kayla Souza, conducted the weekly site inspection on my behalf today. She noted that the silt fence on Lot 11 was still not repaired on the south side (see attached photo). I have asked Bob to make the repairs before earthwork kicks off again, but he hasn't been able to give me a start date for that.

Attached is our inspection report for this week. Please let me know if you have any questions!

Thanks so much!

Hi Bob,

One of our other inspectors, Kayla Souza, was onsite today conducting the site inspection on my behalf. She noted that the silt fence on Lot 11 is still not keyed in along the bottom on the South side of the property (see attached photo). Can you please have one of your laborers repair the fence in this location?

Thanks so much,
