Hi Steve,

The County has considered the requests from interested members of the public for a 15-day extension of the scheduled June 17, 2021 close of the public review period for the Highland Estates EIR Addendum. The request has been granted to allow the public more time to review the EIR Addendum and appendices, with the County's decision on the project modification request to be made after July 2, 2021.

Thanks

Dear Ms Leung, Planning Staff, Honorable Supervisors,

I am extremely concerned that project changes which are too big to be called minor are being rushed through without adequate time for comments from us. Please send the proposed changes to the Planning Commission or Board of Supervisors for review.

At a minimum, please provide us with an extension of the comment period so that your constituents can have a reasonable period of time in which to respond to the massive grading increase on Ticonderoga.

Regards,
Steve Diamond
